

“Join The Parade”

Movement-theater, Dynamic ‘poetry’ on a grand scale
‘The Parade’ is a joyful dance through the streets by two over 3 meter high figures. Ferdinand, a giant marionet dances and plays with Atharina, a charming lady gracefully moving on top of a giant tall ball!

And the audience? They cannot help but be seduced into joining the parade...

We bring our own mobile sound system, or interact with live music on location.

Join the Parade is designed for streetfestivals or any other open air event.
